

THE HELPING HERD

Disclaimer and release

Name:

.....

Date:

.....

Event:

.....

I acknowledge that working around horses carries risks and warrant to maintain due care and concern for myself throughout this event and similarly ensure the same for any other person(s) that I am working with.

I appreciate that the facilitators and team at The Helping Herd will not create any dangerous situation or interactions and will do everything possible to ensure safety for all throughout the event and I shall not assign any direct liability thereto for any situation or issue that might arise.

I have been made aware of safety in and around the equestrian centre and the potential that horses can bite or kick if alarmed. Although this is extremely unlikely, in the event of such an accident I will not hold The Helping Herd or any members of the team liable in any way.
